

Financial and Appointment Reservation Policy

Payment is expected at the time of your appointment for services. If you have dental insurance, we will provide an *estimate* of your co-payment and collect your position at the time of your appointment. We accept cash and all major credit cards. We *do not* accept personal checks. We also offer Care Credit which offers interest-free payment options upon approval.

Please keep in mind that insurance is not designated to provide 100% benefit but rather to assist in the cost of dental care. Dental benefits should not be confused with the dental care you need, which is determined by you and Dr. Chauhan.

As a courtesy to our patients, we are happy to submit your dental claims for services rendered in our office. Please understand that this is only an estimate and may not be what the insurance will pay. Patients are responsible for any remaining balances for services received.

When reserving IV SEDATION appointments, the COMPLETE \$500 sedation fee is required at time of scheduling appointment. We will also require a 20% deposit before scheduling treatment. This deposit will go towards your treatment. If appointment is missed or cancelled within 24 hours, you will lose the deposit.
